Farrows Farm Barns are a range of barns with planning permission for conversion to two residential units.

DETAILS

DESCRIPTION

A range of barns with planning permission for conversion to two residential units.

The property is accessed directly from the highway over a shared drive into a courtyard that will provide parking and circulation. To the rear of the main barn, views will be enjoyed over open farmland, with garden accommodation for each unit. The property extends in total to approximately 0.19 Ha (0.49 acres) with shared access directly to Stock Road.

This is a fantastic development opportunity set within the highly desirable village of Stock, where it is considered that the Essex Barn would have a final developed value in the order of between Â£1.2 and Â£1.4 Million and the converted former workshop a completed value in the order of between

£800,000 and £900,000. Please note this is not a valuation and prospective purchasers must satisfy themselves in this regard, based on their own intentions for the property.

LOCATION

Stock is a sought after village with shops, including Budgens and 4 pubs as well as Crondon Park Golf Course and the popular Greenwoods Hotel and Spa. The properties² lie approximately 7km from the centre of Chelmsford, 5km from the centre of Brentwood, as the crow flies. Google indicates Billericay and Ingatestone Railway stations are approximately 11 minutes and Sandon Park and Ride Car Park 8 minutes by car. Junction 16 of the B1007/A12 is approximately 1 mile by road.

Chelmsford offers a direct rail to London Liverpool Street within approximately 35 minutes and offers a wide range of facilities including a shopping, restaurant and cinema complex.

The property is located approximately 26 miles from Stansted Airport and within 8 miles of the A12, providing quick routes to Colchester (approximately 28 miles).
